Between 1145 and 1230 on 2 June 1954, the Trauersdorf airfield was unoccupied. Jeep [] which was occupied by a driver wearing black-bordered blue epaulets and a major wearing blue-bordered blue epaulets, proceeded from the Fishnet type radar set and the Kniferest type radar set toward Eisenstadt.

Comment: There was no change in the status of Trauersdorf airfield. The motor vehicle [] belongs to the series of the Fifty-Ninth Air Army and was repeatedly observed in Parndorf and Bruck on the Leitha River. From this fact it may be inferred that the radar station at Trauersdorf belongs to the fighter regiment stationed at Parndorf or to its superior fighter division at Wiener Neustadt.
